

SEFP Submission Guidelines

Thank you for your interest in submitting a manuscript to Sweet Earth Flying Press. Here are the steps for submitting a manuscript.

1. Submission Request Packet

Please send a Submission Request Packet before sending a manuscript.

The data in your packet will help us make the decision whether or not to invite you to submit your full manuscript.

The Submission Request Packet includes:

- . a query letter
- . a summary of your book (one page or less)
- . an excerpt from your book (one page or less)
- . A chapter outline or Table of Contents
- . a brief author bio
- . a stamped, self-addressed envelope (SASE)

2. Invitation to Submit Manuscript

We will review your Submission Request Packet. Within a month, we will notify you as to whether or not we are interested in reviewing your full manuscript for possible publication. The letter will be sent in the SASE from your Submission Request Packet.

Unsolicited manuscripts will not be accepted and will be returned at the author's expense.

3. Book Manuscript Format

Please use the following format for your manuscript:

- . 8-1/2" by 11" paper
- . 12-point standard type
- . double-spaced copy
- . regular double-spacing between paragraphs, i.e., hit the "enter" key once between paragraphs.
- . Unjustified text
- . Page numbers (consecutive from beginning to end)
- . One computer file per chapter

Following these guidelines will make it easier for us to give your manuscript fair consideration and an unfettered reading.

We look forward to receiving some outstanding manuscripts!

Thank You!
